Shining a Light on the Issue of **Food Insecurity** in the Midst of a **Global Pandemic**

This report is unlike any previous Lagos Food bank Impact Report as it presents a picture of food insecurity in the midst of a once-in-100-year crisis. COVID-19 is having a profound effect on every aspect of people's lives, so it is not surprising that it is impacting the food security of Nigerians.

LETTER FROM THE PRESIDENT

I am proud to present the 2020 Annual Report highlighting the progress and impact of our organization in eliminating malnutrition and hunger in Lagos and its environs. For the fifth consecutive year, we reached a new milestone in food distribution in FY2020 to the tune of 9.6 million meals through our direct intervention and partner Agencies. A significant achievement worth sharing is the complete coverage of all the 20 Local Government Areas in Lagos State. In FYI 2020, we served 420,000 families across Lagos and cumulatively, we have reached 1.5 million people in 126 communities. Another milestone reached in FY2020 was the birth of our NIDS program, designed to serve patients of diet-related diseases. Donors want accountability, transparency and results — and we have delivered. This did not happen by chance or because of our respected reputation, alone. Rather, it is the result of extremely hard work by compassionate volunteers who are committed to serving our communities. We have maintained steady growth for 5 years and have built a sustainable reputation that can take us through the next decade. We have strengthened all our programs and have built system and structure that will position us for future opportunities. While we have made excellent progress over the years, demand for food and for Food Banks remains stubbornly high and we have much work to do together before hunger in our country is eliminated. Looking forward to the Fiscal Year 2021, we have major goals in mind: (a) Expand Infrastructure (b) Expand our programs outside Lagos (c) Increase brand visibility and awareness (d) Double our Income.

With these goals in mind, we will continue to strengthen collaboration between our web of donors, corporate bodies, partner agencies, volunteers and the Government of Nigeria. During this time of economic uncertainty, we have never had more confidence in our generous donors, exceptional staff team and amazing volunteers for helping us move one step closer to a hunger free Lagos and doing the hard, front line work, day in and day out, often under trying circumstances. We thank you for your inspiring dedication and tireless work in your local communities. I like to imagine what could be possible where everyone everywhere especially in Lagos have access to the foods they need to thrive. Please join me in making this possible, for our communities and for our neighbors in need. Working together, we will realize our shared vision of a Nigeria where no one goes hungry.

With great thanks,

Michael A. Sunbola

LLB(HONS) BL, LLM, MCIArb(UK)
President & Founder

OUR MISSION

1. To act as a front line agency assisting those struggling with malnutrition and hunger across the country.
2. To act as a food warehouse with branches in all the 20 local governments in Lagos and to partner with other agencies that assist people in need.

OUR VISION

To be the Nation's leading domestic hunger-relief organization that provides access to sufficient and nutritious food for all.

CORE VALUES

- **Commitment:** We are committed to solving hunger induced problems and providing related services.
- **Compassion:** We are motivated by compassion to reach out to the poor
- **Community:** We collaborate with others who share our goals of a poverty free nation.
- **Connection:** We build a community of people that connect with the needs of the most vulnerable in the society.
- **Contribution:** We do whatever it takes to add value and contribute to deliver more services to our beneficiaries through shared goals and mutual support.

OUR CULTURE

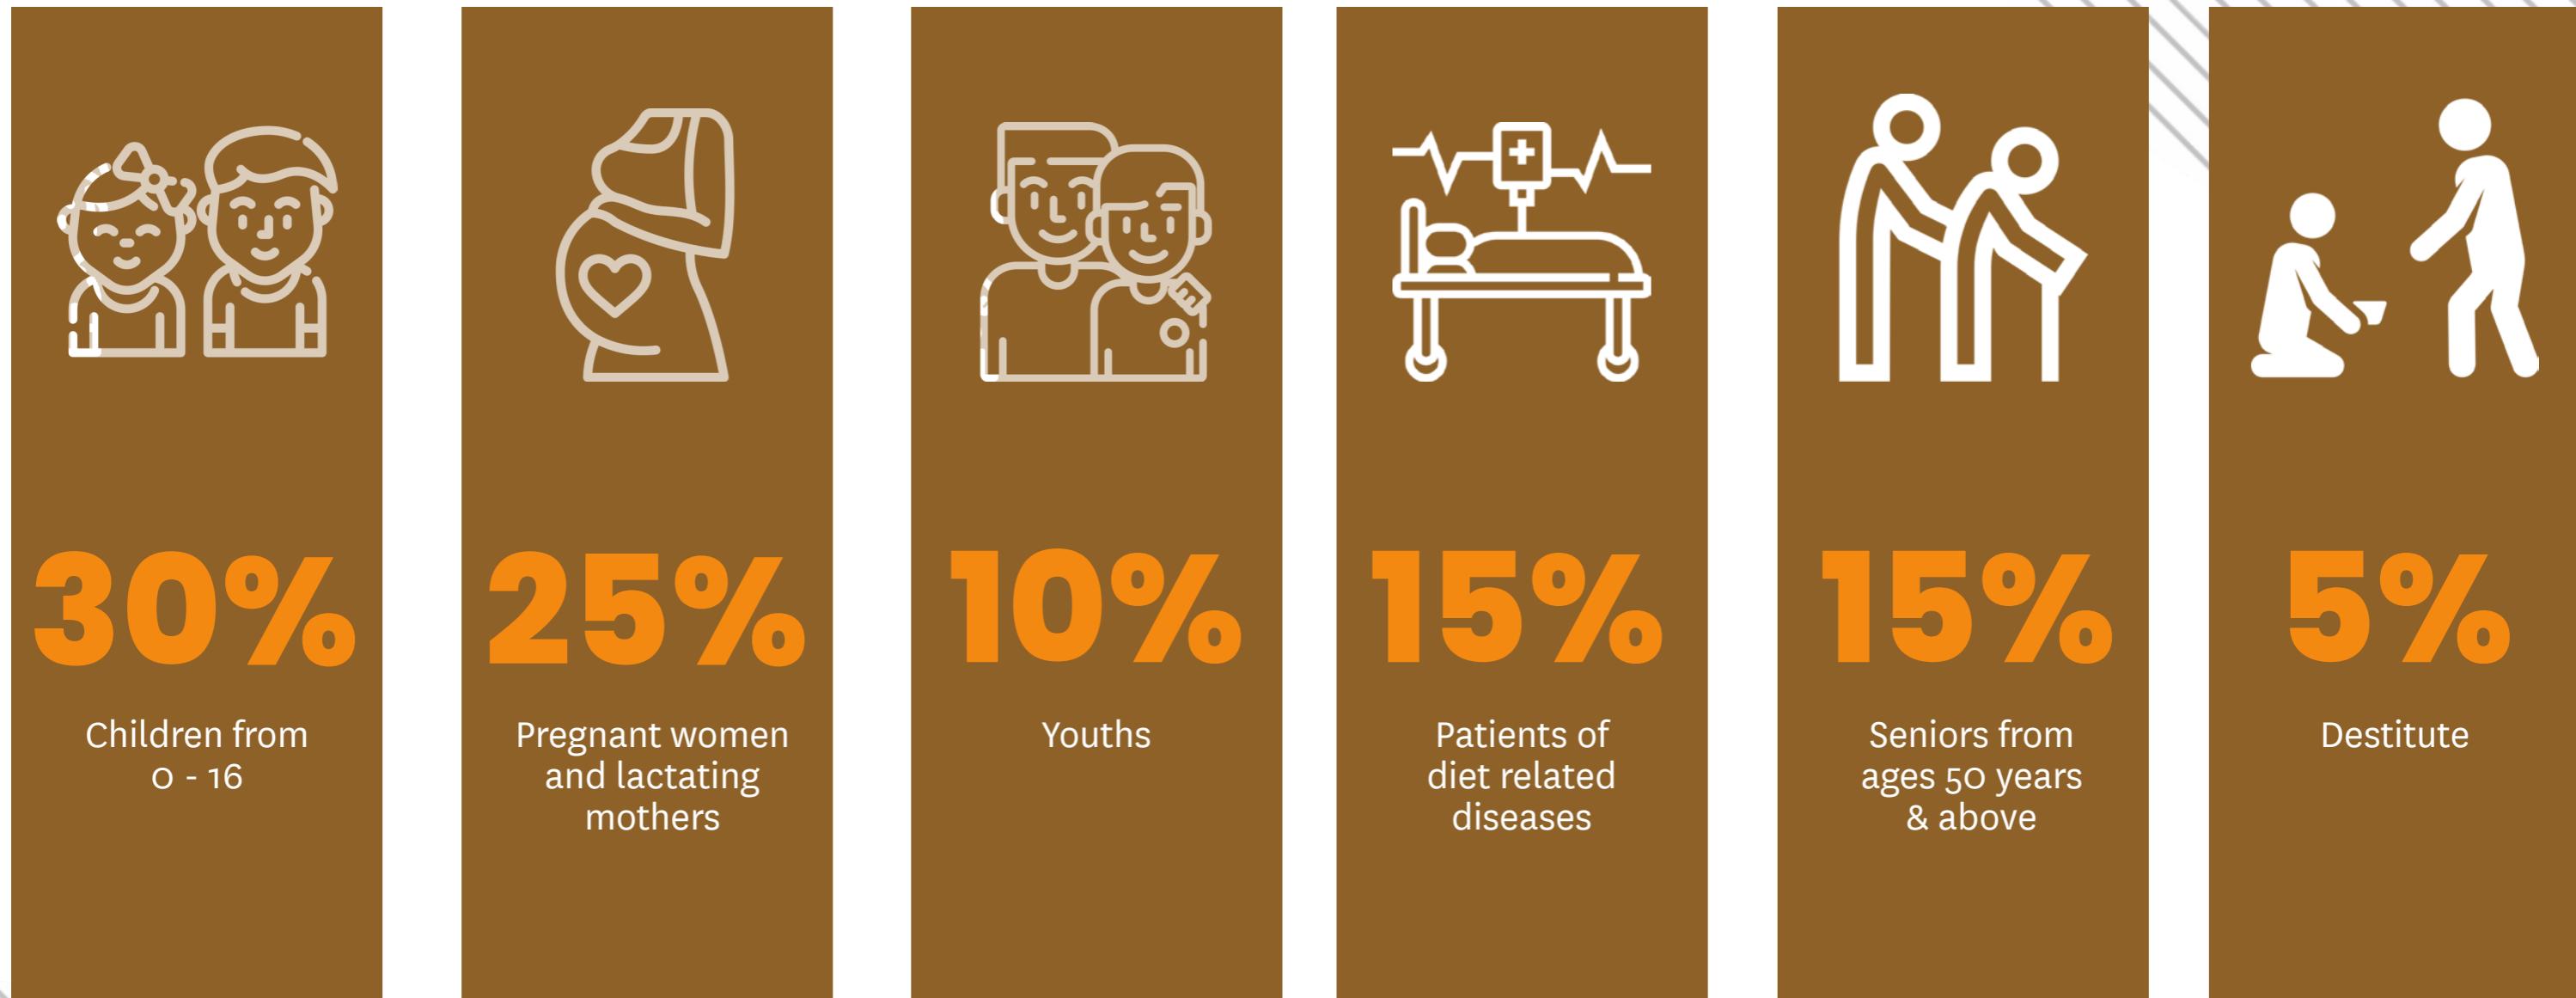

- We encourage transparency
- We are result driven
- We honour our commitments
- We encourage growth
- We trust each other
- We are future minded
- We are innovative

OUR OBJECTIVES

1. **To address the problem of Malnutrition in children underthe age of 5 years, improve the nutrition intake of pregnant women and lactating mothers.**
2. **To reduce the amount of food waste by promoting sustainable conservation and redistribution of excess food to the most vulnerable in the society.**
3. **To end poverty and malnutrition; enable sustainable development in agriculture through family farming, combat and adapt to climate change.**
4. **To enlighten the public on the importance of good nutrition and healthy living.**
5. **To accept donations of food, food-related product, money and other properties.**
6. **To empower vulnerable communities with skilled jobs to put food on their tables.**
7. **To receive, inspect and store items for distribution to vulnerable households.**
8. **To co-operate with other NGOs with similar objectives.**
9. **To be the first port of call for welfare and emergency relief for disaster victims victims by providing co-ordination and support in the distribution of food stuff and relief items.**
10. **To ensure that support and information are consistently available to help guaranty the appropriateness of emergency programs.**
11. **To work with other groups towards a solution to the problem of poverty and chronic hunger in Lagos, Nigeria.**

OUR TARGET BENEFICIARIES

MOVING CLOSER TO ZERO HUNGER

Far too many individuals are suffering from hunger and under nutrition globally: nearly 690 million people are undernourished. Hunger and food insecurity are growing across Nigeria, as more people find it difficult to access a sufficient amount of food to stave off hunger. Food insecurity is a grave threat to a country's growth and development.

Investment into better access to sufficient healthy food for the most vulnerable people in our country must be our number one priority, if we are to advance as a nation. The World Bank's Human Capital Index (HCI) measures how much countries lose in economic productivity by under-investing in their people (i.e. the productivity of a future worker) and the current HCI ranked Nigeria at the 152nd position amongst 157 indexed countries of the World.. According to the HCI, a child born in Nigeria today will only be 36% productive as an adult if she completed her education and had full health. Hence, it is not surprising Nigeria now has the highest

rate of under-five mortality in the world and malnutrition is a direct or underlying cause of 45 percent of these deaths. Because of gross poverty and inequality, the most disadvantaged people face the greatest risk.

Given our current poor economic outlook and dire social context, we must ensure that we scale up to meet the increased demand for food. In this regard, Lagos Food Bank is pleased to report that we have increased our beneficiaries by over 100%, adopted 52 new beneficiary NGOs, supported 177 household through family farming, increased children being fed in schools by 100%, increased food distributed by over 100%, etc.

With your support, Lagos food bank stays committed to fighting hunger as we move closer to our SDG goal: to ensure access to enough nutritious food for people struggling with hunger and make meaningful progress toward ending hunger.

ABOUT LAGOS

Lagos State is one of the fastest growing cities in the world yet the smallest in area of Nigeria's 36 states. Lagos State is possibly the most economically important state of the country and would be the fifth largest economy in Africa, if it were a country.

This is probably why many people migrate from other states in the country to Lagos every day in search of better opportunities but unfortunately, they are faced with the reality of the hardship in Lagos.

HUNGER IN THE MIDST OF PLENTY

Despite the fact that Lagos is the economic backbone of Nigeria, millions of people are hungry and food insecure. The slums of Lagos are especially overpopulated and afflicted with perpetual hunger due to flood, crop failure, corruption and poor distribution and the pandemic has further worsened the situation, leaving more people hungry and struggling for survival.

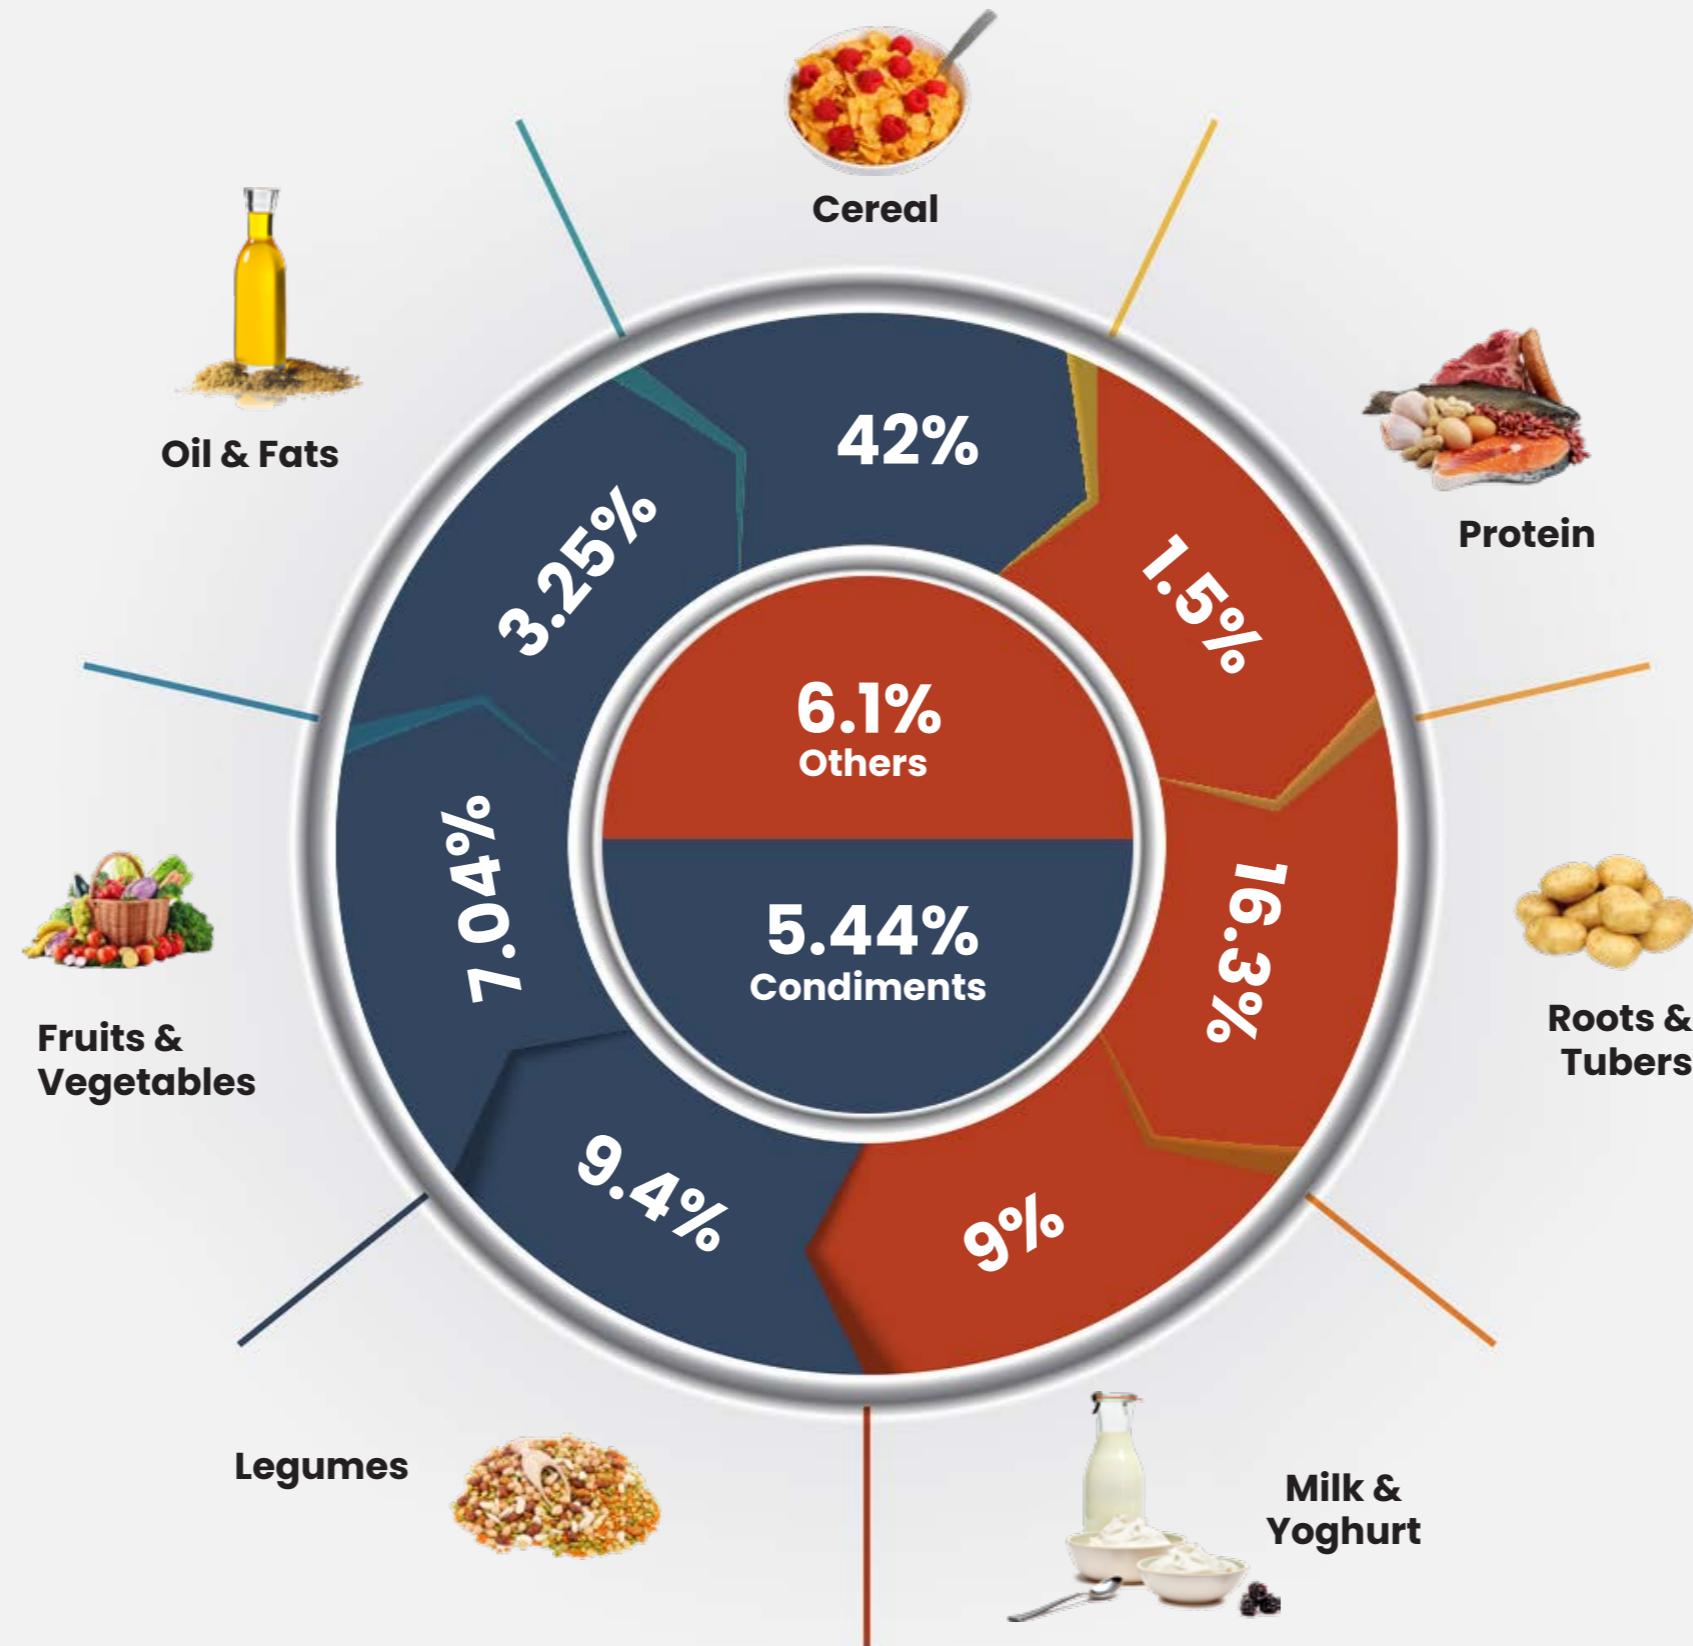

The numbers are not exactly fixed but the reality is glaring, over 50% of the population of people living in Lagos are battling to survive. With a growing population of over 23 Million (in 2017), it means resources are stretched thin and more people are likely to go to bed hungry due to the harsh economic reality. More and more Lagosians are living from hand to mouth and a greater percentage can barely afford a single meal.

Hunger isn't a matter of **food scarcity** but of **distribution and logistics.**

OUR PROGRAMS

Nutritious Meal Plan Intervention for Vulnerable Mothers and Children (NUMEPLAN) seeks to improve the nutrition of vulnerable pregnant mothers, lactating mothers and under five children affected by malnutrition, most especially under nutrition.

It is an ongoing project expected to span for 3 years. We understand inadequate nutritional intake affects the health status of women and hence have a detrimental effect on birth weight and early development of their children. In addition, undernourished children are greatly susceptible to stunting (low height for age), wasting (low weight for height), underweight (low weight for age), anemia and other nutritional deficiency related diseases. In 2020, we enrolled 223 women and children into the program and partnered with 11 Primary Health Care Centre to ensure proper assessment, nutrition intervention and monitoring and evaluation of beneficiaries.

512 Women and Children enrolled in the intervention plan

11 Primary Health Care Centers were partnered with

Khadijat Yusuf
NUMEPLAN Beneficiary

A lot of people that see me and my baby these days would always talk about how we look different and healthy. When I gave birth, I wasn't eating good food, I did not know how to breastfeed properly and my baby was not taking the little milk that was coming out. When we came to Lagos Food Bank, they provided me with plenty good food, taught me how to breastfeed well and the types of food to give my baby. Since then, Abubakar has become more active, he plays a lot and he now looks like all those children on the television because of how big he is.

I want to thank Lagos Food Bank for all they have been doing for us since we were enrolled. My family also thanks them because they provided us all with foodstuff. Allah ya albarkace Lagos Food Bank.

Education Enhancement Intervention for Food Insecure Students (EDUFOOD) was launched in August 2019. Lagos Food Bank works closely with the class teachers, headmasters, principals and the management of schools to help identify the students in the schools who satisfy the criteria of “extremely poor, vulnerable and food insecure”.

Undernourished children are likely to perform poorly at school. The aim of the project is to sustain school attendance, reduce dropout rates, develop the student’s health, and increase their ability to concentrate and comprehend in class. Nutritious meals including fruits were distributed to vulnerable children thrice a week.

**12 Schools
adopted**
**600 Children

Mr Femi
Proprietor, Debby Frank
Schools

The entire debby Frank Schools appreciate the Lagos Food Bank and the entire crew for their support and alms giving in kind, food and financial support. We hereby thank you so much and we pray that God almighty will increase you on every side.

Give her
Nourishment Today
so she can thrive
tomorrow.

Lagos Food Bank

Family Farming

We share the vision of the UN Decade of Family Farming (2019-2028) which is a world where diverse, healthy and sustainable food and agricultural systems flourish, where resilient rural and urban communities enjoy a high quality of life in dignity, equity, free from hunger and poverty.

Through the Food Bank's family farming program, we have started training and empowerment of both women and youths, practically demonstrating agricultural activities and engaging them in our family farming and empowerment program. We know that to feed the world and do it sustainably, an urgent and radical shift in our food systems is necessary.

177 Participants

enrolled

Mrs Adebiyi
Beneficiary, LFBI Family
Farming Program.

I thank God for this wonderful opportunity that came through Lagos Food Bank, I lost my husband and since then, to survive has been difficult, I have five children and no one is ready to help, Lagos food bank invited me to participate in this family farming training and I learnt how to grow my own vegetables e.g ewedu, celosia, tomatoes, I can now raise snails and nurse it to maturity. When I sell these products, I make money to feed my children. The family farming program has benefited me very well and I pray that God will continue to bless Lagos Food Bank Initiative.

TEMPORARY EMERGENCY FOOD ASSISTANCE PROGRAM(TEFAP)

We at Lagos Food Bank are committed to improving the nutrition of women and children in the society, most especially Lagos. Bi-weekly, we reach out to communities with foods and also ensure that these beneficiaries are educated on the importance of breastfeeding, cooking style, minimalist cooking, hygiene etc.

At every outreach, medical supplies are distributed to the needy beneficiaries. We organized 60 outreaches throughout the year 2020, visiting 40 communities with some communities visited multiple times.

153,000kg
of food distributed

22,692
volunteer hours contributed

420,000
families served

Nutrition Intervention for Diabetes Self-Management (NIDS)

kick started in September 2020. It is a two-year (2020-2022) program designed for indigent adults living with diabetes, the program seeks to improve the glycemic control of people living with diabetes (PLD) in low-income communities by providing them with free nutrition counseling and diabetes-appropriate meals or foodstuff.

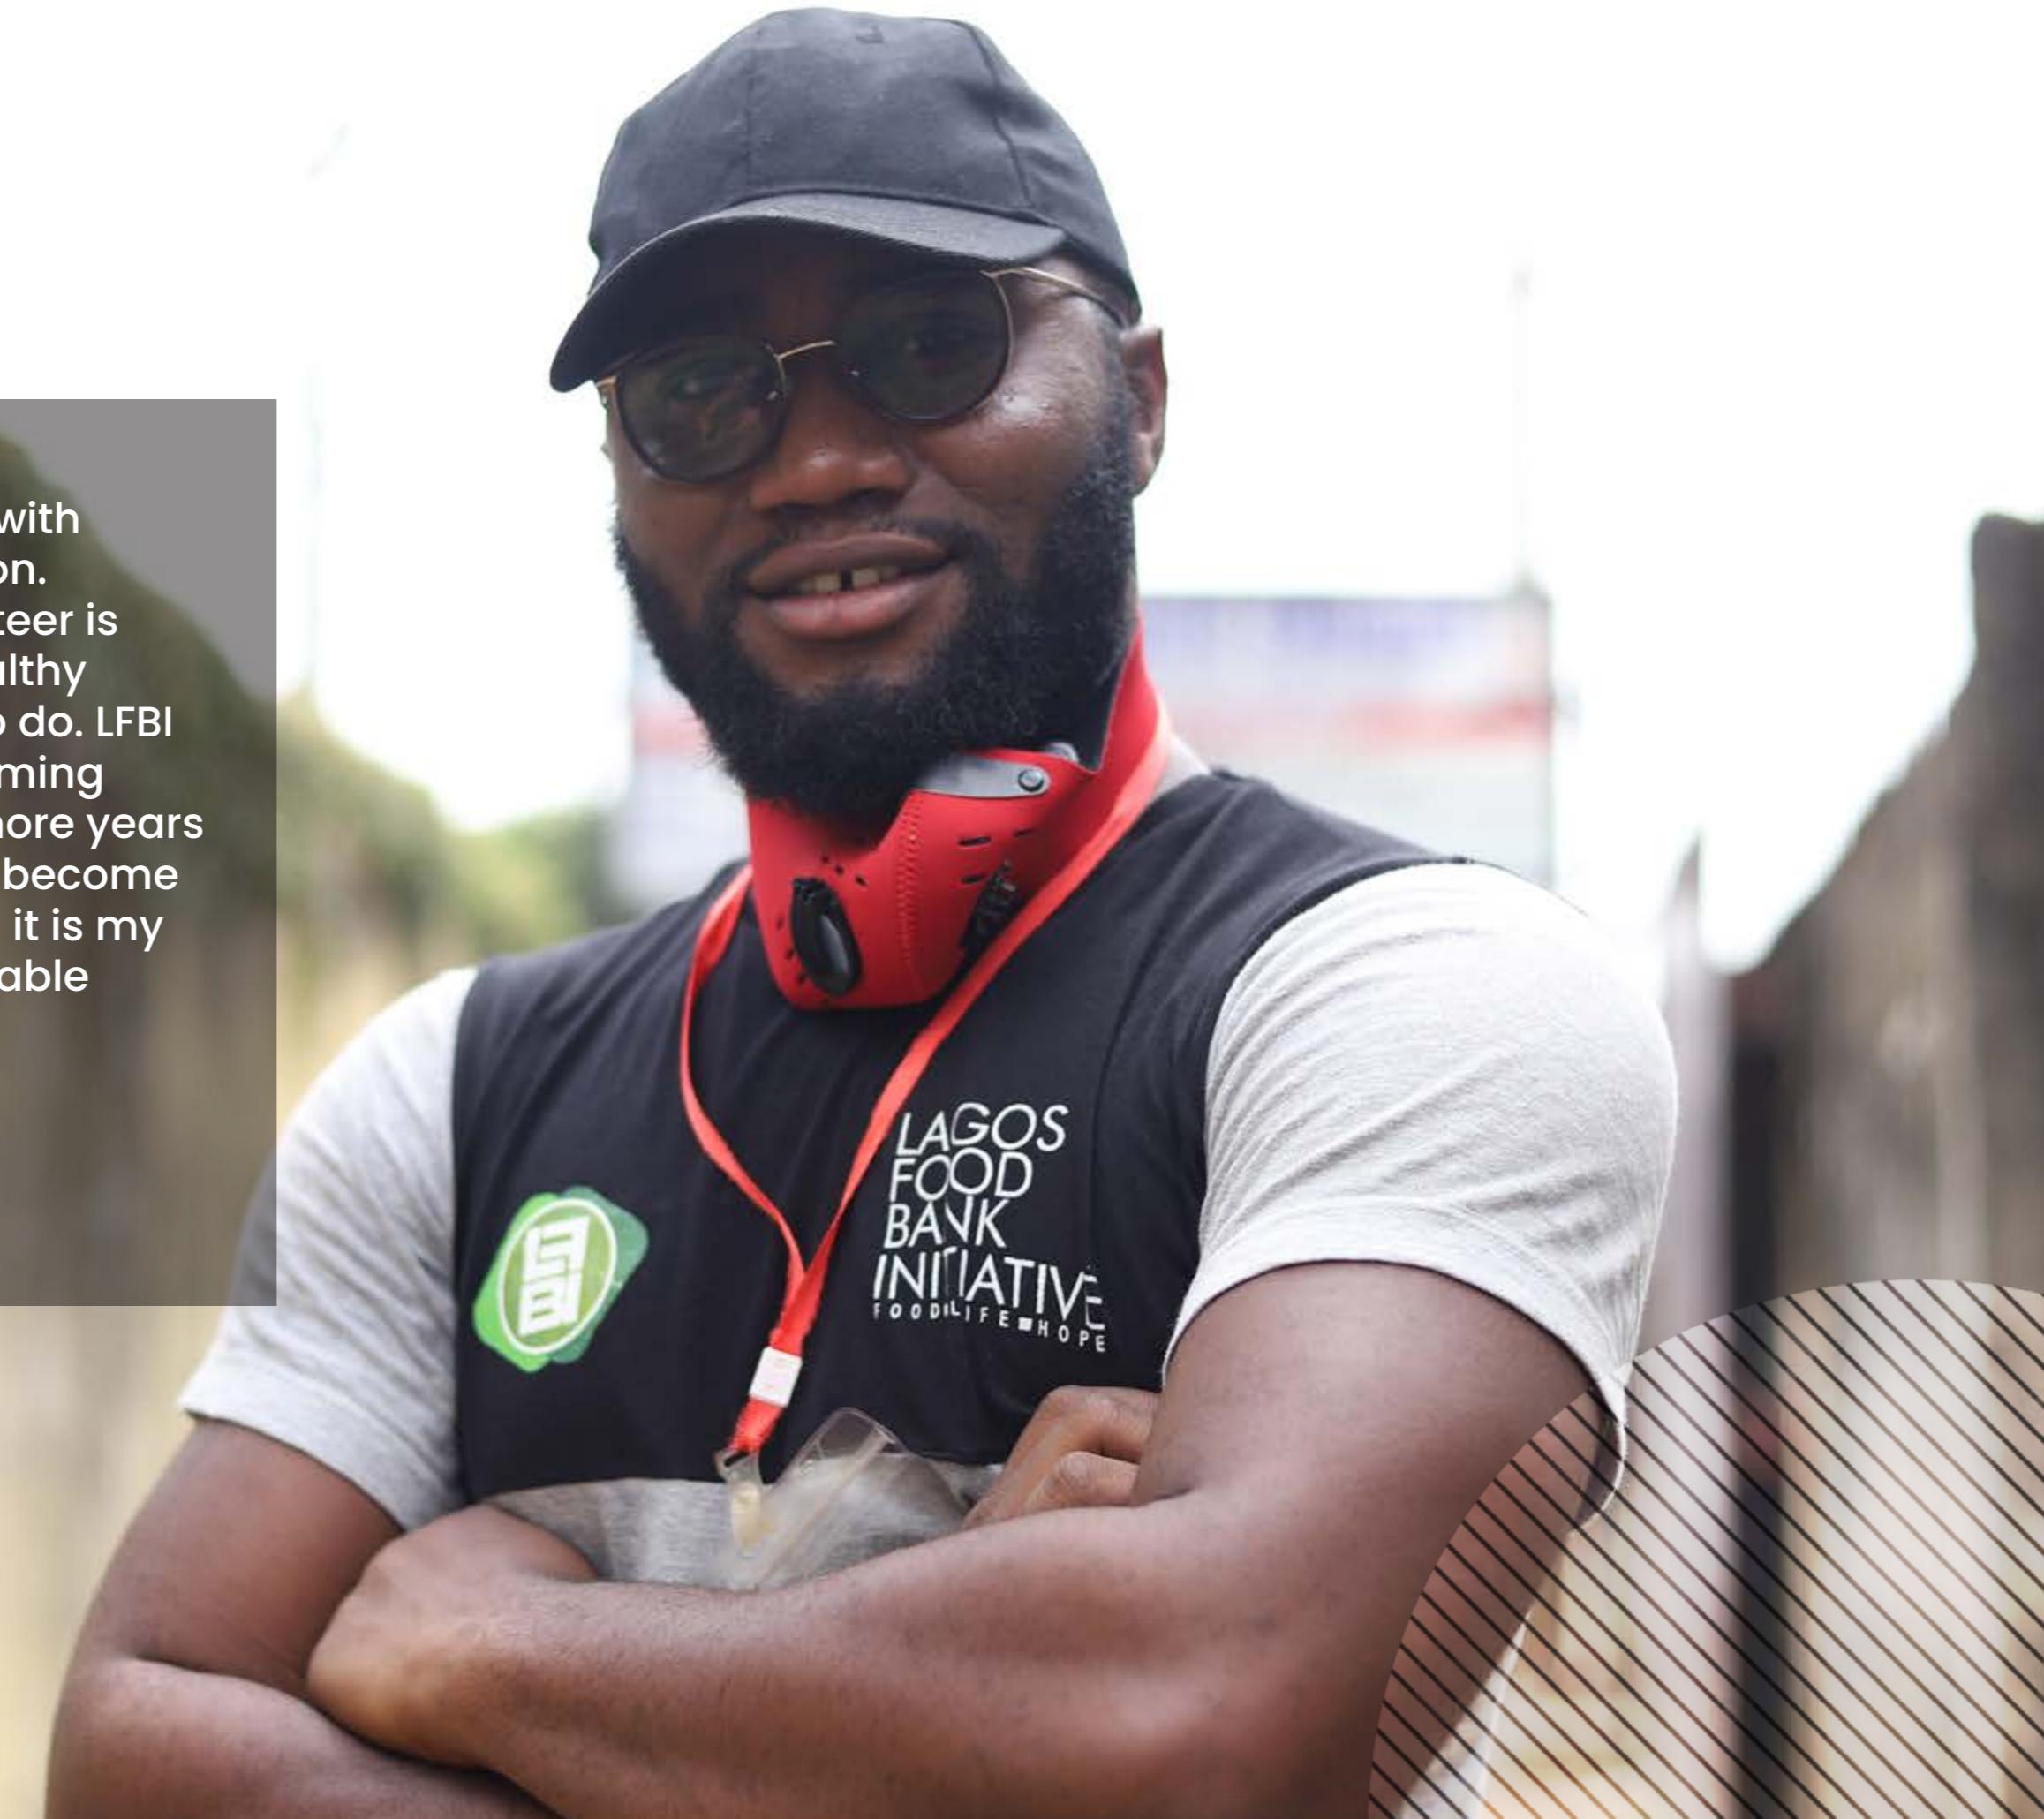

25 Beneficiaries
registered

LFBI serves the people, with respect and compassion. The reason why I volunteer is because it is a very healthy habit and a fun thing to do. LFBI Rocks!!! I have been coming back to Volunteer for more years than I can count. It has become a devotion for me, I feel it is my mission to serve vulnerable communities with LFBI.

Tayo Talabi

JOB PLACEMENT PROGRAM

Our **job placement program** is designed to ensure the sustenance and independence of our beneficiaries.

This innovative step is achieved by collating the basic skills of our beneficiaries and matching them with business that might be in need of their services. In addition, at outreaches, some beneficiaries are taught basic entrepreneurial skills by professionals to enable them use these skills for income generation.

We understand that meeting beyond the instant needs of beneficiaries is key in ensuring sustainability and survival of families

37 Beneficiaries got job placement

Nuhu Usman
Job Placement
Beneficiary

Thank you Lagos Food Bank. Despite economic downtime, LFBI provided me with an opportunity to help myself through the job placement program. I am most grateful.

WALK IN SERVICES

We understand that several families, including working families sometimes run short of food for a period. Hence, food and relief item are stored at the Food Bank Building and made available for vulnerable people who walk into the food bank daily to collect food and relief item.

Through this means we have been able to reach a lot of widows and orphans. They come at specific periods to collect food and reliefs

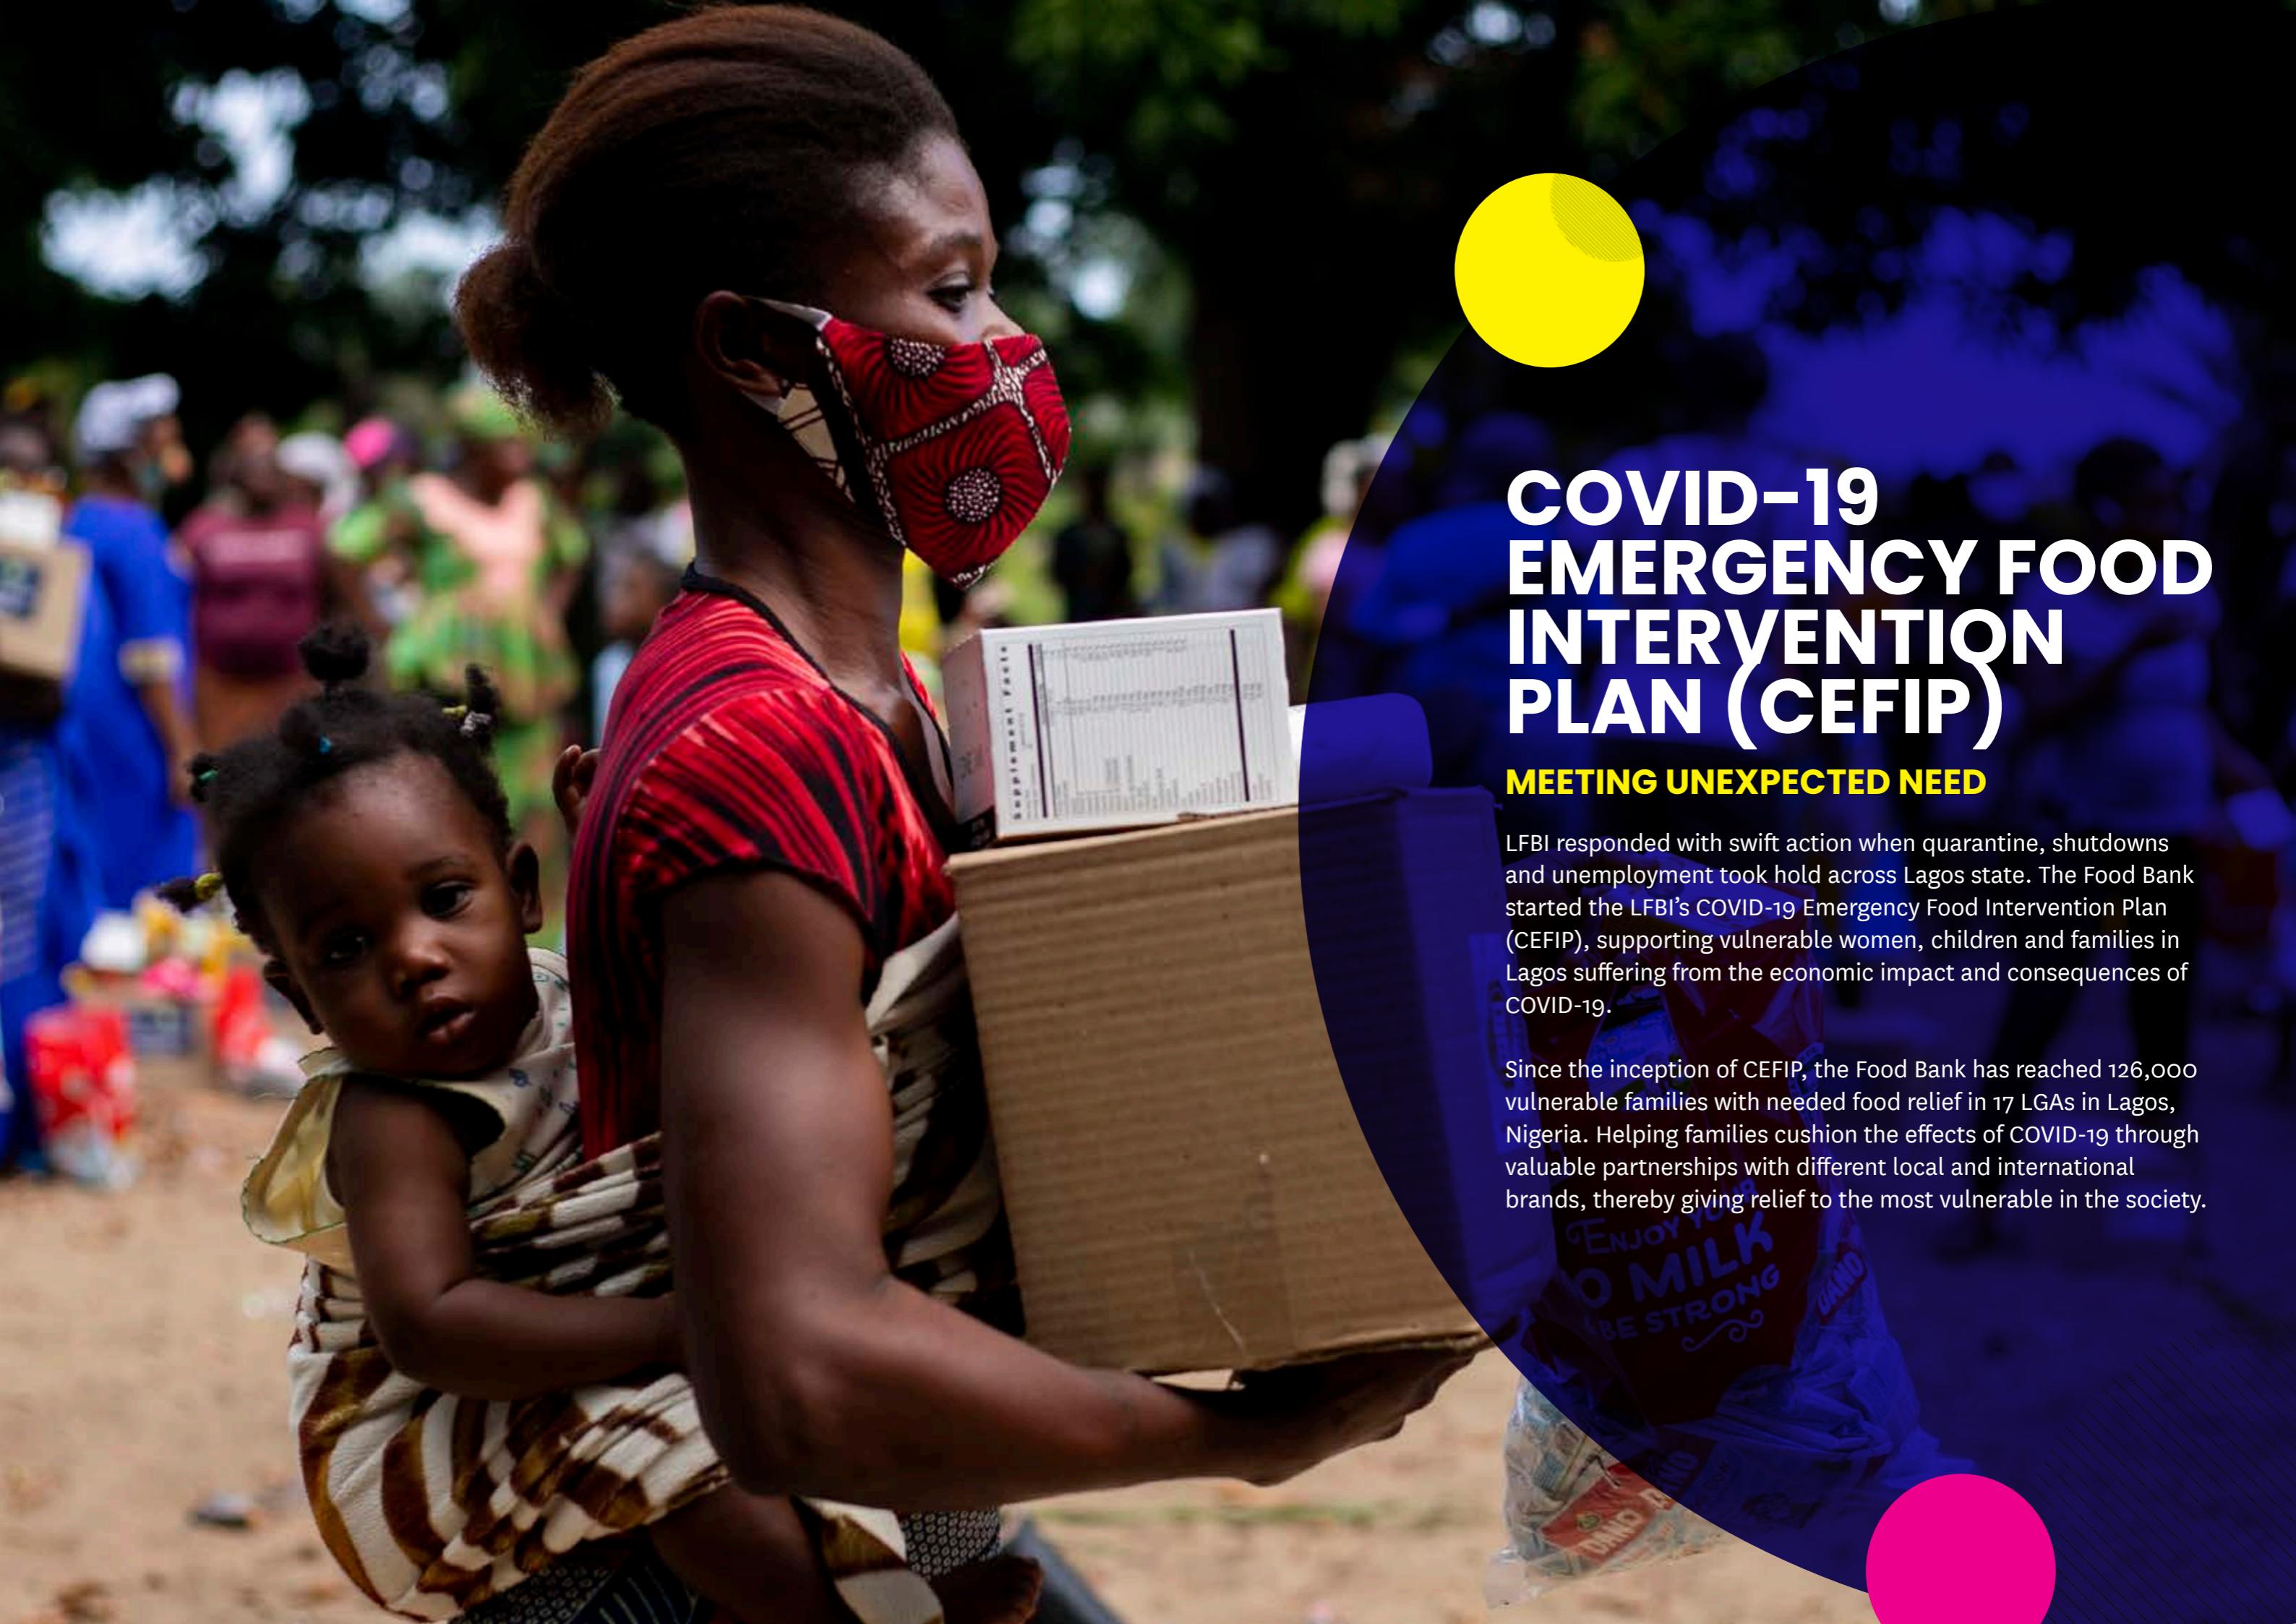

///

If there is one thing we have learned from this pandemic, it is that it takes “all of us” to create the kind of communities we all want to live in.

SPECIAL PROGRAMS

COVID-19 EMERGENCY FOOD INTERVENTION PLAN (CEFIP)

MEETING UNEXPECTED NEED

LFBI responded with swift action when quarantine, shutdowns and unemployment took hold across Lagos state. The Food Bank started the LFBI's COVID-19 Emergency Food Intervention Plan (CEFIP), supporting vulnerable women, children and families in Lagos suffering from the economic impact and consequences of COVID-19.

Since the inception of CEFIP, the Food Bank has reached 126,000 vulnerable families with needed food relief in 17 LGAs in Lagos, Nigeria. Helping families cushion the effects of COVID-19 through valuable partnerships with different local and international brands, thereby giving relief to the most vulnerable in the society.

COVID-19 RESPONSE

WALKATHON

Lagos Food Bank Walkathon also known as hunger walk, is an annual event targeted at raising funds and creating awareness about our humanitarian efforts towards hunger relief and nutrition services to underserved communities. Through the walkathon campaign we create an avenue for organizations to support our efforts to improve nutrition of the poor and destitute.

In 2020, walkathon outreach was done on the 14th of August in commemoration of the International Youth Day. It was done to create awareness about the importance of good nutrition and youth involvement in achieving the SDGs. We had initially planned to cancel the 2020 Hunger Walkathon due to the pandemic but we did it in our own small way and achieved the same result.

This year's theme was centered around International Youth Day of Service celebrated to throw light on the participation of youngsters in their communities. Being young and ambitious is great, but it is even better to be young and Impactful.

WORLD FOOD DAY

World Food Day is a day of action dedicated to tackling global hunger. The Lagos Food Bank celebrated the world food day at Nigerian Police Force Barrack in Ikeja.

The theme for the year was: "**Grow, nourish, sustain. Together our actions are our future**". This day brings together people from all walks of life to focus on SDG 2, which aims to end hunger, achieve food security and improve nutrition.

The Lagos Food Bank Initiative is intentional about ensuring everyone gains access to nutritious foods. We therefore continue to embrace opportunities that we can use to empower others and shed light on the issue of hunger in Lagos.

FOOD WASTE: RESCUING FOOD AND DELIVERING MEALS

At Lagos food bank, we partner with food companies to solicit and rescue food items that are close to expiration date or their BB (best before). Expiration dates tell consumers the last day a product is safe to consume. Best before date on the other hand tells you that the food is no longer in its perfect shape from that date. It may just lose its freshness or aroma, it does not necessarily mean that the food is unsafe to eat. With our huge volunteer base, we are able to distribute this food items to the beneficiaries in need, thereby helping this companies to curb post-production losses, reducing environmental biodegradation as well as fulfilling our primary objective of reducing malnutrition and hunger in our communities.

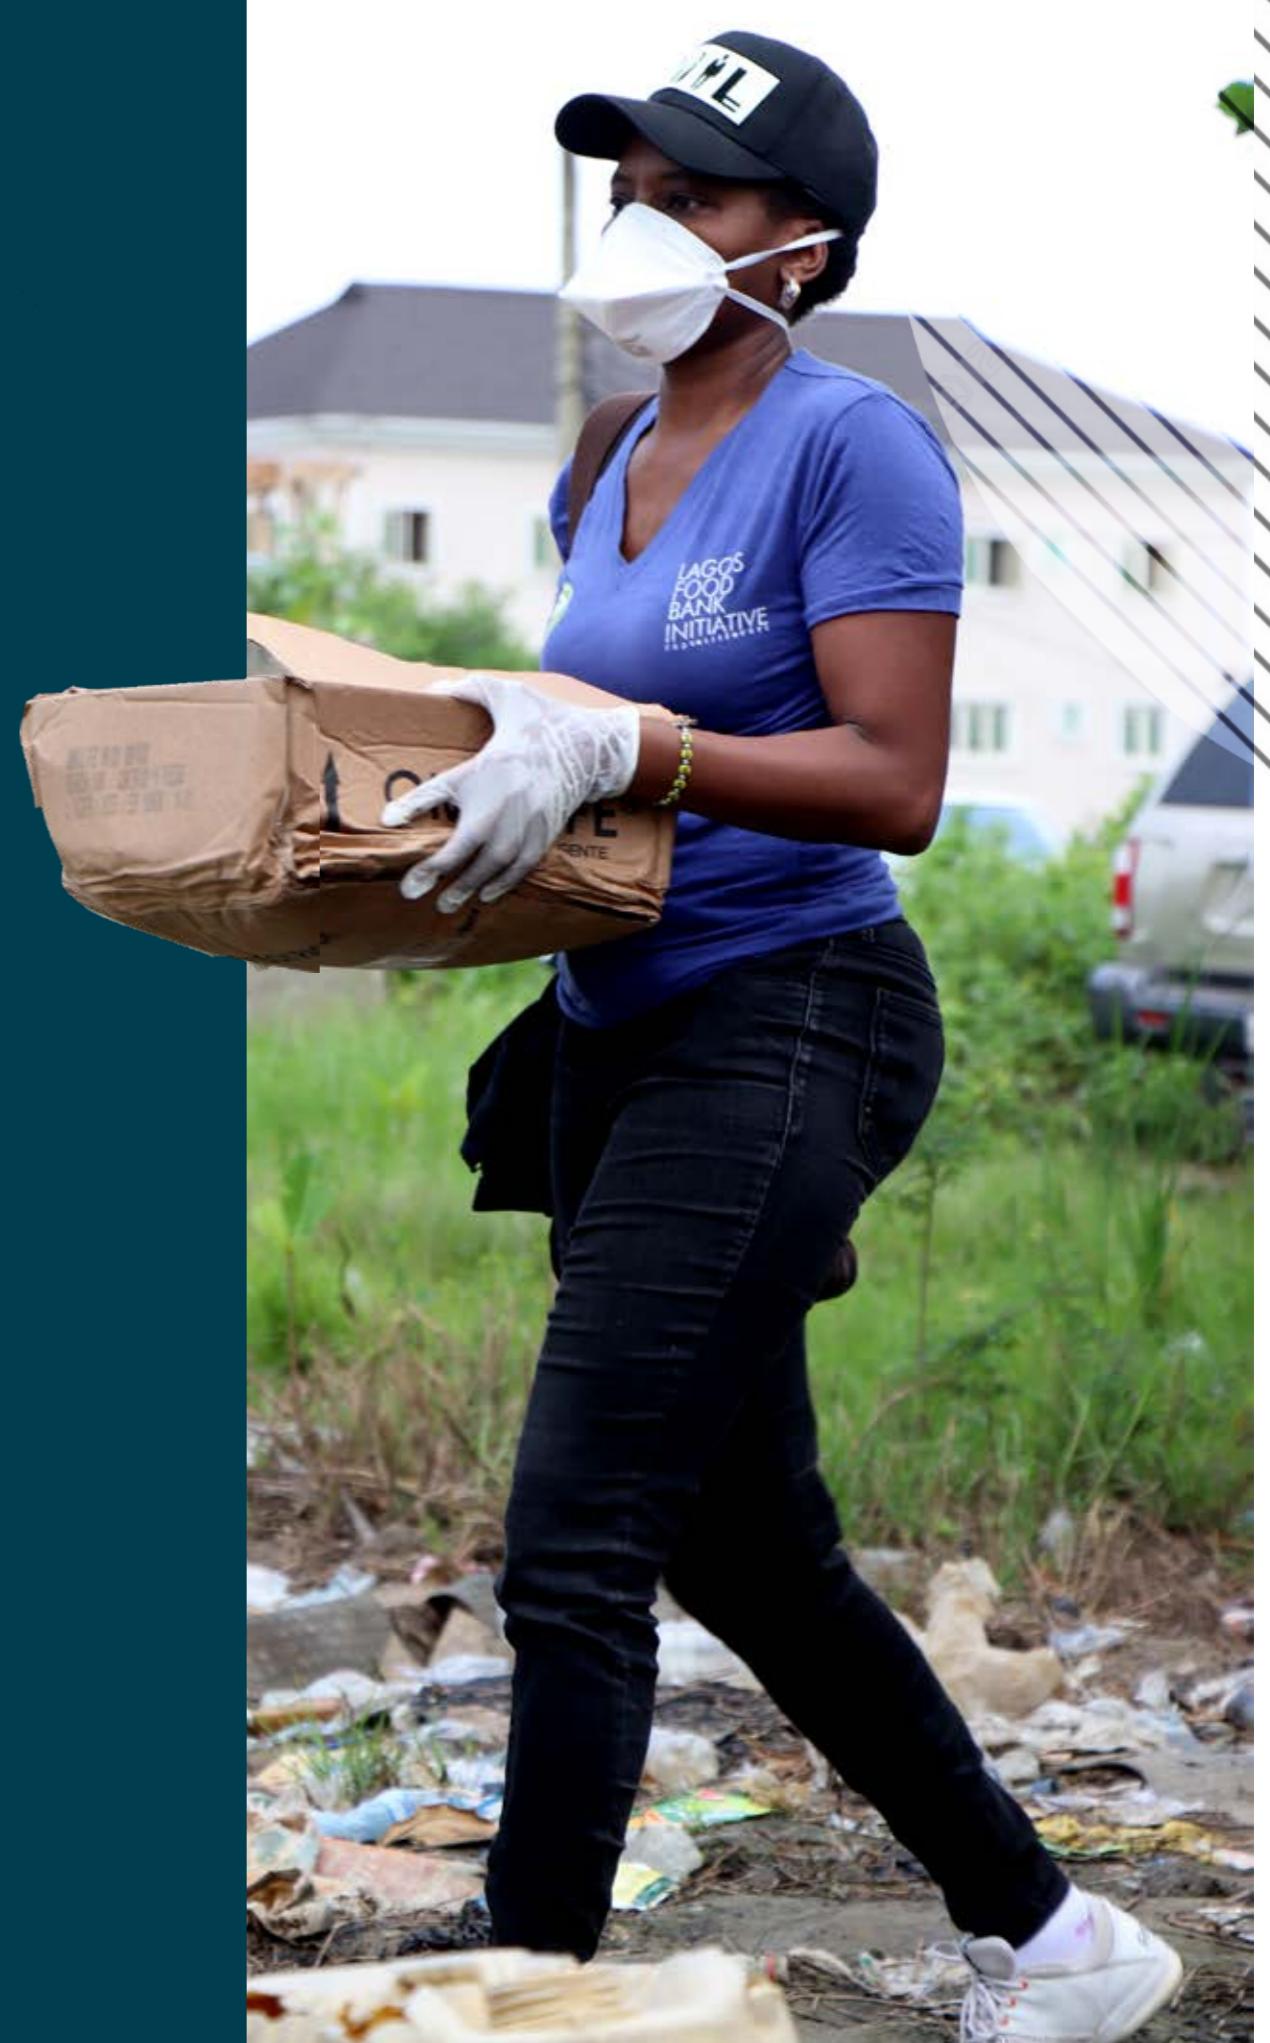

We were able to reach thousands of families including young malnourished children via this process. So far we have recovered 9055.29kg of food that could have ended up in Landfills. Below are the companies who recovered food from;

Somgeo Curry – 5154kg (seasoning)
Ministry of Agriculture – 2300kg (Meat)
Promasidor Nigeria Limited - 1040kg (Breakfast cereal)
Delifrost Caterers – 273kg (Ice cream packs)
Vida Total Nigeria Limited – 51.84kg (Deodorants)
Keko's Kiddies Drink – 0.3kg (Fruit Drink)
Zippy Logistics – 236.15kg (mixed food items)
Primplaks Nigeria Limited – 3899kg (frozen tuber vegetables)
The Fish Shop – 660kg (Frozen Fish)
Karflex Fisheries Nigeria Limited – 440kg (Frozen Fish)

Total : 14,054.29kg

14,054.29kg
food recovered

153,000kg
food distributed

WHAT WE DO TO PREVENT FOOD WASTE

I volunteer with Lagos Food Bank because I believe it's human nature to help others, and though I may not have all the money in the world to give, I do have some time to share. We are all in this together, and volunteering reminds me to keep an open mind and an open heart. I chose LFBI because I believe everyone has a right to start the day with a healthy meal, and no one should go to bed hungry.

In 2020, we started partnership with 50 vetted beneficiary NGOs (partner agencies). Our partner agencies work with vulnerable and at-risk members of society and focus on developmental work such as early childhood development, care for vulnerable women and children, as well as health- and skills development.

LFBI CONTRIBUTION TO UN'S SUSTAINABLE DEVELOPMENT GOALS SDGS

1 NO POVERTY

PROGRAMS: FAMILY FARMING, JOB PLACEMENT

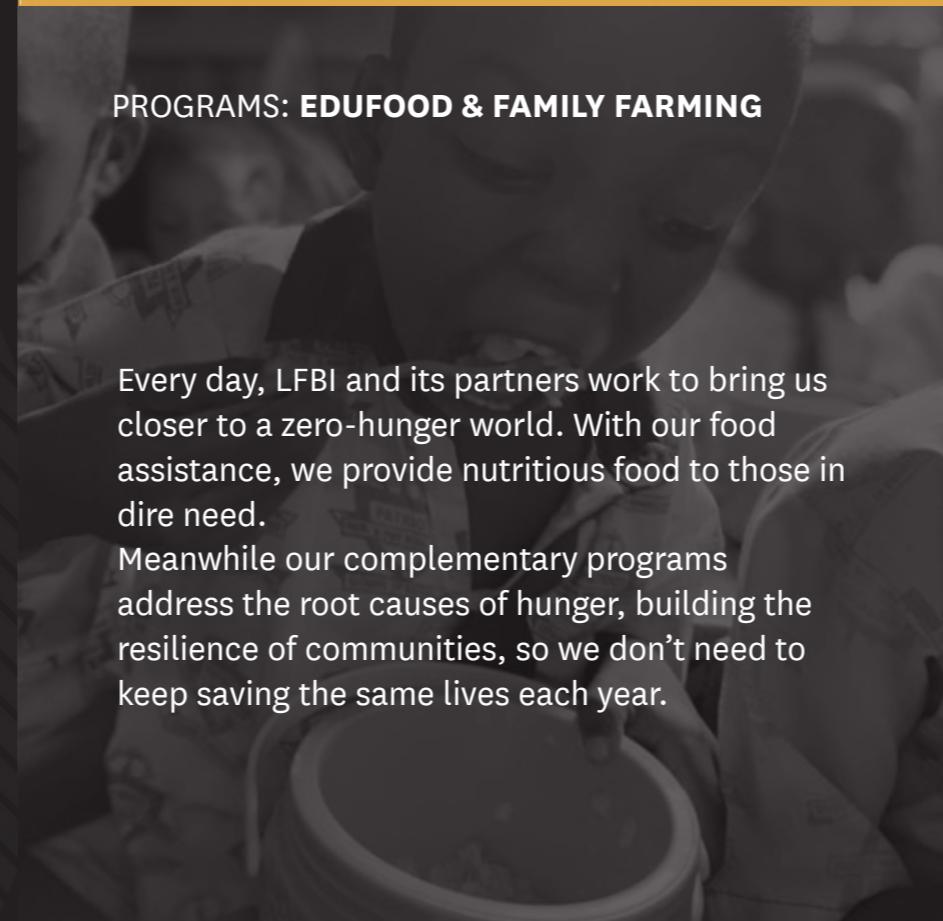

LFBI contributes to the achievement of SDG 1 through provision of Social safety net (SSN) to improve lives of vulnerable families and individuals experiencing poverty and destitution and prevent negative coping strategies. Examples of SSNs provided by LFBI are in-kind food transfers, food vouchers, and school feeding programs.

2 ZERO HUNGER

PROGRAMS: EDUFOOD & FAMILY FARMING

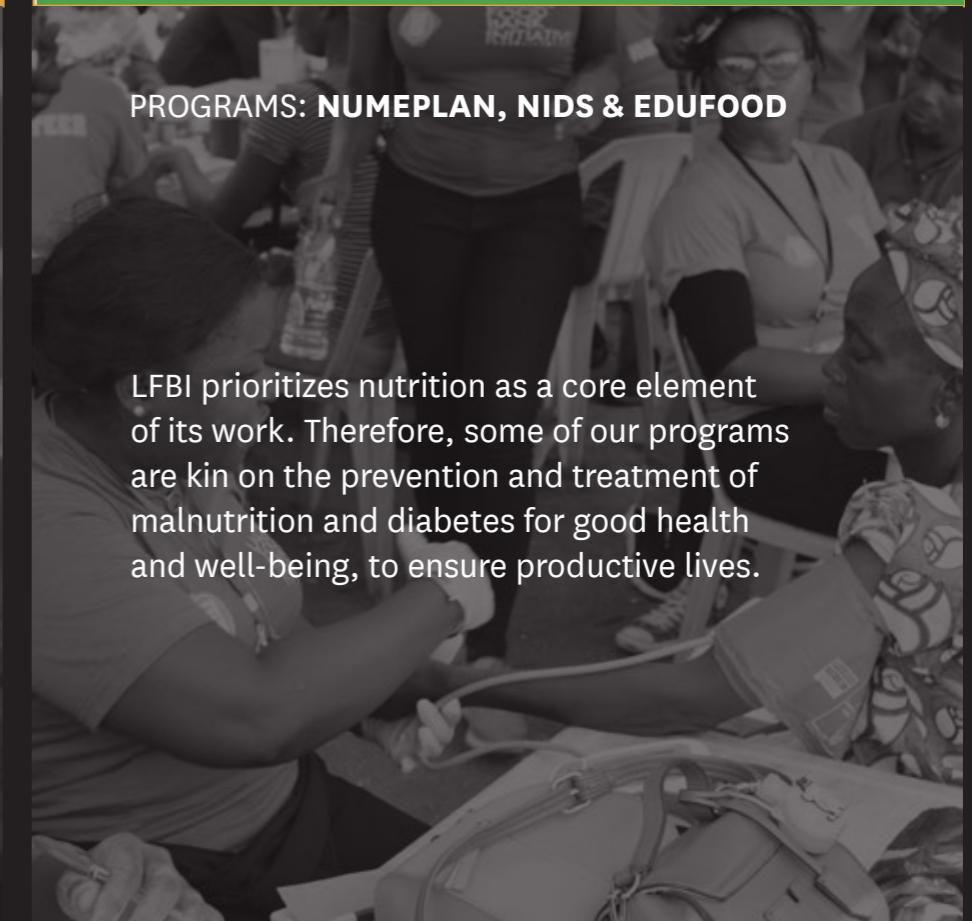

Every day, LFBI and its partners work to bring us closer to a zero-hunger world. With our food assistance, we provide nutritious food to those in dire need. Meanwhile our complementary programs address the root causes of hunger, building the resilience of communities, so we don't need to keep saving the same lives each year.

3 GOOD HEALTH AND WELL-BEING

PROGRAMS: NUMEPLAN, NIDS & EDUFOOD

LFBI prioritizes nutrition as a core element of its work. Therefore, some of our programs are kin on the prevention and treatment of malnutrition and diabetes for good health and well-being, to ensure productive lives.

LOOKING AHEAD: TARGETS FOR THE NEXT FISCAL YEAR

OUR VISION FOR A NEW WAREHOUSE

The Food Bank needs a new warehouse in Lagos to enable us store enough food to reach 200,000 people per time. We believe this proposed expansion will strengthen the food safety net for vulnerable population of Lagos and our neighbours . We are calling on you to be a part of this great vision to build a Lagos where no one goes to bed hungry.

We Know

- An estimated 8,450,000 people in Lagos are at risk of being hungry and not getting help.

We Believe

- Hunger is solvable
- Hunger has no place in Lagos the epicenter of commerce, innovation and prosperity.

We're Determined

- To lead the movement to end hunger in Lagos and its environs.
- To feed 50 percent more people in 2021.
- To implement solutions that end malnutrition in all its forms.

STRATEGIC PARTNERSHIP

A partnership geared towards providing funding and technical skills to help LFBI effectively carry out food banking operations to serve its beneficiaries.

A funding partnership geared towards the School Feeding Program(EDUFOOD), NUMEPLAN, Family Farming and Capacity Building

A partnership geared towards supplies of nutritious food to our beneficiaries to provide essential energy and nutrients.

A food processing and personal care manufacturing company that supplies our beneficiaries with products and food items that sustain and keep them safe and healthy.

A funding partnership geared towards increasing our reach to serve vulnerable families during community outreaches.

PARTNERSHIP WITH LAGOS STATE GOVERNMENT

In 2020, we were able to secure partnership with the Lagos State Government Ministry of Agriculture who donated seedlings for our family farming program and the Lagos State Emergency Management Agency (LASEMA). Together we can respond swiftly to emergencies in Lagos.

PARTNER WITH US

We still have a lot work to do, together we can feed the hungry and help improve the nutrition of Pregnant women and children

1 Financial & Food Donations

Lagos Food Bank Initiative relies on financial sponsorship, food donations and Food rescue. To donate to LFBi, kindly contact us.

2

Volunteer

You can volunteer as an individual or a group. Volunteers help with several services during our monthly outreaches and at the food bank

3

Offer your Services

If you have a special skill like photography, videography, writing and graphic design, you can offer your services by helping out.

CORPORATE GOVERNANCE

BOARD OF TRUSTEES
