LETTER FROM THE PRESIDENT

Dear Foodbank Family,

FY2021 was indeed a year of massive impact, and expansion in infrastructure and systems. Your support empowered us to reach more than 294,855 families amidst food inflation and the high cost of food in several parts of the country; bringing us to a cumulative reach of over 1,700,000 individuals served in 160 communities since inception. My appreciation goes to our partners, donors, and volunteers for their support in cash and kind, partnerships, and time invested across all the 6 programs we run at the food bank. Our volunteer- community also continues to be generous with their time; the total number of volunteers exceeded 3,000, the equivalent of the work of 36 full-time employees.

An important milestone the foodbank reached in FY 2021 was the 100% increase in the number of our partner NGOs thereby extending our reach to other states within Nigeria. We continued to help improve the programs of our 100 partner NGOs by giving them access to raw food materials to serve their communities. Also, we expanded our infrastructure through the opening of our new administrative building, operations warehouse, and an addition of two new coaster buses to our fleet of vehicles.

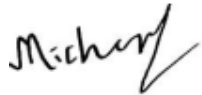

Looking forward to the Fiscal Year 2022, we have major goals in mind: (a) Improve on Research and Policy (b) FurtherExpand Infrastructure and systems (c) Expand our programs reach to the Northeast (d) Increase brand visibility and awareness (e) Double our Income.

With these goals in mind, we will continue to strengthen collaboration between our web of donors, corporate bodies, partner agencies, volunteers, and the Government of Nigeria.

As an organization, we understand that the work that lies ahead of us is more challenging than anything we have ever faced especially as the price of food continues to soar and making it extremely difficult for low-income families to access food. However, the journey we have embarked on for the past six years has prepared us well for the future.

On behalf of the board and the millions of people we serve, I would like to thank our generous donors, progressive partners, exceptional staff team, and amazing volunteers for their unwavering support in helping us move a step closer to solving the hunger puzzle in Nigeria.

We know we can beat hunger, but only if you are with us!

Our nutrition experts provide tailored advice and nutrition care to expectant mothers and children because we recognize the importance of the first 1,000 days of life.

“

I have been a volunteer with LFBF for more than a year and a half and I've been amazed at the efficiency and care the organization shows its volunteers and beneficiaries. I have met some of the most dedicated people who come together at times when it is most needed. I would not give up this volunteering for anything as I learn and gain new and wonderful perspectives with each encounter.

OUR PROGRAMS

TEFAP

Our **Temporary Emergency Food Assistance Program (TEFAP)** which fully kickstarted in April 2021 after the successful completion of the Covid-19 Emergency Food Intervention Plan (CEFIP) is the largest program the food bank runs. This program is targeted at providing immediate food, nutrition and relief to a large number of vulnerable families in the nooks and crannies of underserved communities in and outside Lagos state.

In 2021, through our community interventions, mobile pantry and walk-in distribution models, we successfully distributed food, personal care, relief and sundry items to 251, 310 people in 51 communities.

EDUFOOD

Education Enhancement Intervention for Food Insecure Students (EDUFOOD) is a school lunch program that caters for vulnerable and food insecure students in low-cost primary schools in Lagos. The aim of the project is to improve nutritional status and school attendance, increase ability to concentrate and comprehend in class while reducing dropout rates.

The Food Bank works with volunteers, partner NGOs and schools in various communities to distribute and serve nutritious foods to children in low cost primary schools throughout the school year and the summer months.

Meal details: Meals consist of staple foods, animal protein, low-fat milk and fruit. Meals are distributed thrice a week during a designated time and the Food Bank provides eating items too.

Why EDUFOOD?

For a child suffering from hunger, going to school is not important; having enough food to eat is. But we take it a step further to ensure these children also have nutritious food. EDUFOOD is an opportunity to help close the hunger gap and bring students closer to recommendations for essential nutrients (that they ordinary would not have access to) like protein, calcium, iron, vitamins ACD and other nutrients through food items like milk, fruits, vegetables, egg, fish, meat, beans, rice, bread, etc.

MILK – it's the number-one food source of 13 essential nutrients in the diets of children but most families cannot afford it.

TESTIMONIAL

I want to thank the EDUFOOD program for what they do for my children. I was so surprised the day my children came back home with their food and they told me they were fed in school by a program called EDUFOOD. Since then, I don't give them food or money for food to school and this helps my family to save money especially now that food prices are high.

I also noticed they feed them milk and egg that is very expensive for my family to afford. I am so happy about EDUFOOD, I thank them for the good work and pray they don't stop helping us.

NUMEPLAN

Nutritious Meal Plan Intervention for Vulnerable Mothers and Children (NUMEPLAN)

No child should go hungry and Good health starts with good food. At LFBI, we understand that there is a link between mothers' health and their children; and that inadequate nutritional intake affects the health status of women, therefore having a detrimental effect on birth weight and early development of their children.

In order to ensure that food-insecure women and children in Lagos state have the nutritious food they need to grow, learn, thrive and tackle malnutrition and poverty, the Food Bank started the NUMEPLAN program to improve the nutrition of vulnerable pregnant mothers, lactating mothers and under five children affected by malnutrition.

In 2021, we enrolled 420 women and children into the program and partnered with 37 Primary Health Care Centre to ensure referral, proper assessment, nutrition intervention and monitoring and evaluation of beneficiaries.

WHAT MAKES NUMEPLAN SPECIAL?

Eating healthy, balanced meals is especially challenging in our nation for the 1 in 3 kids and their families who don't know where their next meal is coming from. Most families therefore focus on filling the stomach, rather than quality of what is consumed. However, through NUMEPLAN, malnourished and food insecure children, pregnant and lactating mothers have access to nutritious food items. Enrolled beneficiaries are usually supplied with food items like milk, rice, beans, oil, eggs, infant formula, etc. throughout the period of enrollment in the program.

TESTIMONIAL

Thank you Lagos Food Bank, because when I first brought my daughter to the food bank, she was so frail, she had skinny legs and was severely malnourished. But now, she is looking so healthy and I now carry her with pride, unlike before when carrying her was worrisome because people abuse me and were irritated because of how she looked.

My mind is now at ease, my child is healthy! Thank you so much, I am grateful.

NIDS

Nutrition Intervention for Diabetes Self-Management (NIDS) is program designed for indigent adults living with diabetes; the program seeks to improve the glycemic control of people living with diabetes (PLD) in low-income communities by providing them with free nutrition counseling and diabetes-appropriate meals or foodstuff.

I have been living with diabetes for 29 years and started coming to the food bank 3 months ago. I was amazed to see the changes in my body system after I started coming for the NIDS program. They give us the right food to eat and also counsel us on diet, exercise and medication.

Contrary to my previous belief that diabetes is a death sentence due to what people say, I am now educated on diabetes management and know it is not a death sentence. Now I know how to manage my diabetes better and when I check my blood glucose level I see the difference. I am very grateful to Lagos Food Bank, God will take care of you too.

JOB PLACEMENT

Access to Job Equals Access To Food

Lagos food bank job placement is a programme established to reduce unemployment in Lagos state. The program is designed to ensure substance and independence amongst our unemployed beneficiaries. This is achieved by collating basic skills of our beneficiaries and creating curriculum vitae for them. These beneficiaries are then connected to prospective employers who needs them.

In addition to the collation of the basic skills of beneficiaries, some of our beneficiaries are also trained on basic entrepreneurial skills so as to improve their skill set and employability.

FAMILY FARMING

Through our Family Farming program, we promote food security and sustainable livelihoods by identifying households in need for long-term nutrition and livelihood support especially women and youth.

The program supports smallholder farmers (especially women and youths) with intensive trainings that includes both the theoretical and practical aspect and then establish them with various small scale agricultural ventures such as Vegetable farming, Snail farming (Heliculture) and Poultry production to provide a stable and sustainable livelihood with an alternative source of food and nutrition for vulnerable families.

TESTIMONIAL

Mrs. Rofiat's story is one we find quite touching. A young woman whose life wasn't exactly kind prior to her meeting with the food bank.

Rofiat and her husband had been badly hit by the aftermath of the COVID-19 pandemic. Her husband had been laid off his job at a factory where he worked before the lockdown while Rofiat could no longer afford to run her petty trading business. Living with no skills and job, feeding herself and her family was a Herculean task such that they had to rely on the giveaways from friends and families before getting a meal for the day.

We met Rofiat during one of our need assessment exercise where we found that her household income was below the national monthly minimum wage of N30,000. We enrolled her in our Family Farming program where she was trained on how to grow crops and rear livestock. Now, she conveniently runs her own backyard poultry farm where she earns passive income enough to take care of the needs of her family.

SPECIAL PROJECTS

BREASTFEEDING AWARENESS WALK

On the 4th of August 2021, the volunteers and staff of Lagos Food Bank set out to create awareness and enlighten members of the Ikeja community on the importance of Exclusive breastfeeding to the health of babies. The walk also aimed to promote child health and survival, challenge the status quo and support nursing mothers.

VOLUNTEERS WEEKEND GETAWAY

Lagos Food Bank organized a two days' weekend getaway in Badagry to celebrate the achievements and efforts of volunteers in the year 2021. The getaway was also to provide a unique opportunity for volunteers to share values and promote striding efforts of good work amongst themselves while having loads of fun at it.

WORLD FOOD DAY 2021

On the 16th of October 2021, we implemented an outreach for vulnerable families in Agege community in celebration of World Food Day 2021. World Food Day is a special celebration for Non-governmental organizations that are actively involved in providing food relief to the most vulnerable around the world and an awareness for those who suffer from hunger.

INTERNATIONAL YOUTH DAY FORUM

To celebrate International Youth Day, a forum was organized for the volunteers to explore the roles that youth play in transforming our food system and achieving Sustainable Development Goals.

RAMADAN OUTREACHES

During the holy month of Ramadan, we organized several outreaches to provide thousands of fasting needy Muslims with Iftar (the evening meal with which Muslims end their daily Ramadan fast).

A group of people are gathered outdoors in what appears to be a community setting. In the foreground, a woman wearing a white polo shirt and a red headwrap is pointing her finger towards the left. To her left, a man in a patterned shirt and a white cap is looking down at something in his hands. In the background, several other people are visible, including a man in a green shirt and white cap, a woman in a white lab coat and face mask, and a woman in a black shirt with a colorful striped bag. The overall atmosphere is one of active engagement and community interaction.

BENEFICIARY ORGANIZATIONS

At Lagos Food Bank, we understand that it takes collective power and effort to end hunger in Nigeria. In collaboration with other Non-governmental organizations, we are determined to help millions of Nigerians achieve long-term food security.

This method of food distribution was created to mobilize and execute innovative measures of getting food to more people in other parts of the

country through a network of credible Non-governmental organizations operating in different parts of the country.

In 2020, the foodbank partnered with NGOs covering communities in Lagos alone, however, in 2021, we expanded to South West, Nigeria (Ogun, Oyo, Osun, Ondo and Ekiti).

Through 100 beneficiary organizations, we were able to serve 50,250 people across 130 communities in South West.

We Know

- An estimated 8,450,000 people in Lagos are at risk of being hungry and not getting help.

We Believe

- Hunger is solvable
- Hunger has no place in Lagos the epicenter of commerce, innovation and prosperity.

We're Determined

- To lead the movement to end hunger in Lagos and its environs.
- To feed 50 percent more people in 2021
- To implement solutions that end malnutrition in all its forms.

WHERE OUR FOOD GOES

**CUTTING FOOD WASTE IS
A DELICIOUS WAY TO SAVE
MONEY, FEED THE PLANET
AND PROTECT THE EARTH**

RESCUING FOOD AND DELIVERING MEALS

According to FAO, the global volume of food wastage is estimated at 1.6 billion tonnes of primary product equivalents; Total food wastage for the edible part of this amounts to 1.3 billion tonnes.

As a means of positively impacting the food system and providing nutrition, we prevent food waste by capturing and redirecting good food that would otherwise have gone to landfills. Through our food rescue program, we are able to collect safe food that would have gone to waste and distribute it to people facing hunger. We partner with food companies to solicit for food items nearing their Best Before date thereby reducing food waste and making food available to people in need. We were able to reach thousands of families including young malnourished children via this means in FY 2021.

CHECKLIST FOR 2021 GOALS

The strategic goals are designed to guide the Lagos Food Bank Initiative's actions and decisions, which will help shape the organizations evolution over the next 3 years.

At the beginning of the year, we released our goals for 2021 fiscal year.

Here's what we've achieved so far:

Acquired one 30-seater bus for easy logistics with food bank activities.

Established one nutrition hub for the nutritious meal plan intervention for vulnerable mothers and children.

Expanded partner agency network by 100%

Increased volunteer intake and registration by 40% across Lagos.

Distributed over half a million KG of food and sundry items through our programs

“

I can honestly say that I get so much out of volunteering for Lagos Food Bank. I love helping people and feel I was born to care. It is very satisfying to know that you are helping people cope with life by providing some basic necessities. During the course of volunteering, I get great enjoyment and pleasure from meeting and interacting with amazing people who make me happy.

THE ESSENCE OF PARTNERSHIPS IN OUR WORK

In a third-world county like Nigeria, where the greater majority of the population earns below average, hunger is a core menace, eating deeply into the soul of humans. An average Nigerian is plagued with the burden of referring solution to the big question, What will I eat today? To survive, individual efforts have become insufficient. As such, it becomes an intentional collective responsibility for individuals, organizations and religious bodies to work together to achieve a common goal.

This is where the Lagos Food Bank Initiative(LFBI) continually plays a major role. This humanitarian team of volunteers aim to: reduce the amount of food waste by promoting sustainable conservation and re-distribution of excess food to the most vulnerable in the society. To end poverty and malnutrition; enable sustainable development in agriculture through family farming, combat and adapt to climate change.

This is an aim that requires meticulous collective efforts to be achieved. A single tree cannot make a forest. The individuals who established the LFBI and government parastatals are not enough to feed the population of over 10 million Nigerians who require their service in every nook and cranny of the country. The only valuable assistance to achieving these aims is meaningful partnerships. An agreement between Corporate organizations, individuals and the government of the country, working together with the LFBI is quintessential for poverty alleviated ending hunger among Nigerians. In the light of this, LFBI will continue to establish meaningful partnerships with all and sundry until our aims are achieved to the maximum.

STRATEGIC PARTNERSHIP

A funding partnership geared towards Capacity building, infrastructural development, and expansion of the food bank programs.

Funding and technical assistance partnership geared towards providing the necessary resources to effectively implement operations and build an effective food system.

A partnership geared towards improving infrastructure and logistics for the food bank. The goal of the partnership is to expand our existing fleet to aid the mobility of volunteers during our community interventions.

A food processing and personal care manufacturing company that helped supply our beneficiaries with personal care items that keep them safe and healthy.

A partnership tailored towards our community intervention program. It focuses on doubling our reach by impacting more beneficiaries through the TEFAP program.

A funding partnership geared towards training and equipping more women on self-sustenance practices and urban farming.
